

## **Anita Pincas**

### **Abstract for 9<sup>th</sup> November 2007**

Anita will speak from the context of her long involvement with ESOL teacher training and more generally from the perspective of her work on pedagogy and the integration of ICT into language and other subject teaching. She has been known as one of the pioneers in the use of the internet for education, but more recently prefers to include any technology within the denotation of "e-learning".
